Personal information

First name(s) / Surname(s) **Adriana, Pistol**

Address(es)

Telephone(s)

Fax(es)

E-mail

Nationality Romanian

Date of birth

Gender Female

Work experience

Dates December 2021 up to date

Occupation or position held **Ministry of Health,
Secretary of State**

Dates January 1, 2005 to December 2022

Occupation or position held **Director of the National Centre for Communicable Diseases Surveillance and Control, National Institute of Public Health
Senior epidemiologist
Master in Public Health and Management
Doctor in Medical Science
Assistant professor at the Medical University "Carol Davila" Bucharest**

Main activities and responsibilities	<ul style="list-style-type: none"> - organization of the Centre for communicable diseases surveillance and control as national structure for surveillance in Romania in 2005 - organization and coordination of the communicable diseases national surveillance system - organization and coordination of the early warning and response system in the field of communicable diseases - representation of the ECDC Competent Body for surveillance - development of the legislation in the field of communicable diseases (eg. a new reporting system and information flow will be implemented since 2009, defining early warning system) - organization of a training session in the field of epidemiology (eg. three weeks training session in March 2005, financed by Global Found) - Lecturer in the training sessions (eg. 4 regional of 3 days sessions training on influenza surveillance and avian flu in humans organized by USAID in 2006-2007) - participation in the Temporary Advisor capacity for WHO in the working group for elaboration of the Measles and Congenital Rubella Syndrome Elimination Strategy (2005), Organizing a mass-vaccination campaigns (2005) - lecturer in the "Introduction to epidemiology training course" in Turkey, a part of ESCDCS Project (2-22 March 2008) - participant as WHO expert in the mission "Improved Alignment of the National Immunization Programme with the Health System Changes in Romania, financed by WHO Euro, January-March 2009 - participation in FP7 research project FLUMODCONT "MODelling the spread of pandemic influenza and strategies for its CONTainment and mitigation", workpackage Behavioural survey, 2008-2011 - lecturer at the training sessions for sentinel general practitioners taking part in the acute respiratory infections national surveillance system, financed by WHO Euro – November 2009 - expert in the National Experts Working Group for Medical Emergences - President of the National Committee for clinical and epidemiological management of Covid 19 pandemic in 2020
International experience	<ul style="list-style-type: none"> - TAIEX Expert Mission on "Improving Health Indicators" in Republic of Moldova (December 2007) - participation in the capacity of WHO Temporary Advisor at the Assessment of the pandemic preparedness plan in Republic of Moldova (October 2008) - participant as WHO expert in the mission „Rapid assessment of surveillance for vaccine-preventable diseases in Romania with focus on Measles, Rubella, Mumps, AFP and AEFI, financed by WHO Euro, August-November 2009 - participation as MS expert in the ECDC assessment mission in Turkey, 2015 - participation as MS expert in the ECDC assessment mission in FYROM, 2016 - participation as MS expert in the ECDC assessment mission in Albania, 2017 - participation as external expert contracted by GFA Consulting Group in the "Quality and Efficiency Improvement of Health Services" project, 2017 - participation as MS expert in the ECDC assessment mission in Kosovo, 2018 - participation as MS expert in the ECDC assessment mission in Georgia, 2019
Name and address of employer	<p>National Institute of Public Health of Bucharest, Dr. Leonte street no.1-3, district 5, Bucharest, Romania, Tel: +4021 318 326 00; Fax: +4021 312 34 26, www.insp.gov.ro – under construction</p>

Occupation or position held	General Director of the National Institute of Public Health, interim
Dates	January 2010- June 2014
Main activities and responsibilities	<ul style="list-style-type: none"> - organization of the departments of the national institute established for the first time in Romania in 2010 - coordination all the human resources activity - approve and coordinate institution budget - management and administration
Dates	From June 2004 to December 2004
Main activities and responsibilities	<p>Expert in epidemiology in the Unit for Implementation of the Global Found Projects</p> <p>Project "Strengthening the HIV/AIDS surveillance system":</p> <ul style="list-style-type: none"> - assessing and revising the HIV/AIDS surveillance system - develop a more efficient information flow of HIV/ASIDS surveillance system - develop a new reporting form for HIV/AIDS cases <p>Project " Strengthening the implementation of the universal precautions and post-exposure prophylaxis":</p> <ul style="list-style-type: none"> - developing guidelines and training materials for universal precautions (PU) and Post-exposure Prophylaxis (PEP) - organizing training activities in the field of PU and PEP for health care workers in hospitals - organizing and prepare training materials for field epidemiology training addressed to public health and hospital epidemiologists - organizing the framework for implementing a national monitoring system for accidental exposure to blood products
Name and address of employer	Institute of Public Health of Bucharest, Dr. Leonte street no.1-3, district 5, Bucharest, Romania, Tel: +4021 318 326 00; Fax: +4021 312 34 26, www.insp.gov.ro
Type of business or sector	Public health epidemiology
Dates	From March 1999 to June 2004
Occupation or position held	Senior counsellor in epidemiology

Main activities and responsibilities	<ul style="list-style-type: none"> - coordination of national surveillance system of viral hepatitis and hepatitis B vaccination program - coordination of national surveillance system of nosocomial infectious - development and implementation of the measles surveillance system in 1999 - outbreak filed investigation (eg. viral meningitis outbreak in Romania 1999, rubella outbreak in 2003) - participation in the organization of the sero-prevalence study on vaccine preventable disease in ESEN2 -2002 - participation and organizing the expert Consultation on Harmonization of Surveillance Systems for Central and Eastern Europe, Bucharest, Romania, December 2000 - participation as WHO temporary advisor in the working group for establishing the CCEE-Baltics Network - since February 2001, coordinating of the national CDs surveillance system in the General Public Health Department of the Ministry of health - organizing, coordination and participation as WHO Focal Point in the assessment of the national Romanian surveillance system in 2001 - participation as WHO Focal Point in editing the assessment final report 2001 - participation in the elaboration the Terms of Reference for the Phare Project RO 01.07.14 – Technical Assistance for Improving Romanian System for Epidemiological Surveillance and Control of Communicable Diseases 2004 - coordination and participation in the elaboration of the National Plan of Action for improving the national surveillance system in the field of communicable diseases, 2004 - participation in the setting priorities exercise in the field of communicable diseases and in the establishing the list of priority diseases under surveillance in Romania in 2003 - participation as facilitator in the training session “Field epidemiology-information for action” (EPIET-like), organized by Romanian MoH within Phare project RO 01.07.14 – Technical Assistance for Improving Romanian System for Epidemiological Surveillance and Control of Communicable Diseases 2004 - Member of the Steering Committee of the Phare project RO 01.07.14 – Technical Assistance for Improving Romanian System for Epidemiological Surveillance and Control of Communicable Diseases 2004 - participation in the implementation of the EU decisions in the filed of communicable disease in the national legislation - participation in elaborating the role and structure of the Centre for communicable diseases prevention and control as national structure for surveillance in Romania
Name and address of employer	Ministry Of Health, Ministerului street no. 1-3, district 1, Bucharest, Romania Tel: +4021 3072667, Fax: + 4021 3136660, www.ms.ro
Type of business or sector	Public health epidemiology
Dates	From February 1991 to March 1999
Occupation or position held	Epidemiologist
Main activities and responsibilities	<ul style="list-style-type: none"> - From 1991 to 1994 - resident in epidemiology - Since 1994, specialist in epidemiology working in district 5 of Bucharest city: <ul style="list-style-type: none"> - surveillance of infectious disease (collection of data, reporting of data, analysing the data at the local level) - outbreaks investigation, contact tracing active cases finding, implementation of control measures occurred in the local area - coordination of the routine immunisation program - organizing schools vaccination campaigns - participation in the polio vaccination mass-campaign in 1996 - Since 1998: coordination of nosocomial infections in the maternity hospitals from Bucharest city
Name and address of employer	Public Health Inspectorate of Bucharest
Type of business or sector	Public health epidemiology

Education and training	
Dates	November 2003
Title of qualification awarded	Trainer in filed epidemiology
Principal subjects/occupational skills covered	2 weeks course for training of trainers –“Epidemiology for action” –filed epidemiology Outbreak investigation, surveillance principals, designing surveillance systems, analysis of surveillance data, writing outbreak reports, oral communication
Name and type of organisation providing education and training	WHO EURO and EPIET
Education and training	
Dates	November 2002
Title of qualification awarded	Organising influenza surveillance system
Principal subjects/occupational skills covered	1 week course on epidemiology of influenza, surveillance of influenza, analysis of epidemiological and virological data
Name and type of organisation providing education and training	WHO Geneva and CDC Atlanta
Education and training	
Dates	From 1999 to 2001
Title of qualification awarded	Master
Principal subjects/occupational skills covered	Managerial skills, organizational skills, demography, health economy, analytical studies, research methods
Name and type of organisation providing education and training	Medical University Carol Davilla Bucharest
Level in national or international classification	Master in Public Health and Health Management
Education and training	
Dates	February 1999
Title of qualification awarded	Management of public health programmes
Principal subjects/occupational skills covered	1 week course on coordination of public health programme, evaluation and monitoring of public health programme
Name and type of organisation providing education and training	Medical University Carol Davilla Bucharest
Education and training	

Dates	July 1998
Title of qualification awarded	Advanced epidemiology
Principal subjects/occupational skills covered	4 weeks course on basic and analytical epidemiology, biostatistics, statistical software STATA
Name and type of organisation providing education and training	London School of Hygiene and Tropical Medicine
Education and training	
Dates	March 1998
Title of qualification awarded	Basic epidemiology
Principal subjects/occupational skills covered	3 weeks course on basic epidemiology, biostatistics, sampling and epidemiology of reproductive health
Name and type of organisation providing education and training	CDC Atlanta
Education and training	
Dates	From 1991 to 1994
Title of qualification awarded	Specialist in epidemiology
Principal subjects/occupational skills covered	Epidemiology of infectious diseases, demography, biostatistics, epidemiological studies, microbiology
Name and type of organisation providing education and training	Medical University Carol Davilla Bucharest
Level in national or international classification	Epidemiologist
Education and training	
Dates	From 1982 to 1998
Title of qualification awarded	Medical Doctor
Principal subjects/occupational skills covered	General medicine
Name and type of organisation providing education and training	Medical University Carol Davilla Bucharest
Level in national or international classification	Medical Doctor
Personal skills and competences	
Mother tongue(s)	Romanian

Other language(s)										
Self-assessment	Understanding				Speaking				Writing	
European level (*)	Listening		Reading		Spoken interaction		Spoken production			
English	C1	Proficient user	C1	Proficient user	C1	Proficient user	C1	Proficient user	B2	Independent user
French	B1	Independent user	B1	Independent user	A2	Basic user	A2	Basic user	A2	Basic user
